27th January 2018

Dear Parents/Carers,

We are pleased to inform you that on Monday 28th January, Cedarbank School will be taking part in the "Living Eggs Ready to Hatch Programme", which is an exciting learning experience for our pupils.

The programme starts with the delivery of our own chicken eggs; we will then follow the fascinating journey of them hatching into chicks. Pupils will have the opportunity to see how the eggs need to be incubated and cared for in order to keep them warm and get to observe the chicks hatching. Once hatched, all classes will be given the chance to hold them and will learn about how to look after them.

The "Living Eggs Programme" is designed to incorporate Literacy, Numeracy and Health and Wellbeing through various activities which pupils will be part of in their classes.

We will encourage all pupils to join in with the activities but pupils will be able to opt out if they want. A strict hand washing policy will be enforced following the handling of the chicks.

If you are happy for your child to be involved in the programme please complete the tear off slip below and return to school by Wednesday 30th January.

If you have any concerns about your child handling the chicks or questions regarding the programme, please feel free to contact me at the school and I will be happy to discuss these with you.

Yours sincerely

Mrs V Cairns
Principal Teacher
