

S1-S3
Fashion & Textiles
Level & Target Booklet

Name:

The level I am working at is:

Early/First Second Third Fourth

I know this because:

Fashion & Textiles

You are going to be carrying out lots of projects in Fashion & Textiles.

You need to set yourself targets for each project. For example:

“ I want to be able to thread a needle by myself”.

“ I want to be able to cut out my fabric properly”.

At the end of each project, you need to colour in your target with how well you think you have done;

Green – I can do everything really well and worked independently.

Amber – I can nearly do everything independently and I am trying my best.

Red – I am struggling with it but will keep trying with support.

My Fashion & Textiles Checklist

Please tick when completed

I can thread a needle

I know what the sewing equipment is called

I can draw my design ideas properly
