

16th June 2021

Dear Parents and Carers,

We are planning a seasonal Summer One Planet Picnic on 21st June 2021, during Outdoor Learning lessons, as part of our continuing Keep Scotland Beautiful Green Flag award.

The aim of the One Planet Picnic is to eat a snack that is “good for you and good for the planet” while enjoying the outside. If the weather is not suitable, the picnic will happen inside.

We encourage students to bring a healthy and sustainable snack that they can eat, which meets their dietary requirements, during their Outdoor learning lesson on 21st June. A snack (a piece of fruit) can be provided from the School tuck box.

During the picnic we will also be carrying out a survey about the snacks consumed and the packaging used.

Yours faithfully,

Belinda Cook
