

22nd October 2021

Dear Parents and Carers,

We are excited to have Autumnwatch week beginning on Monday and this will involve pupils experiencing the joy of autumn through their subject lessons, with additional time outside completing wider achievement and outdoor learning tasks.

We are planning a seasonal Autumnal One Planet Picnic during your young person's Outdoor Learning lesson as part of Autumn Watch week beginning 25th October. This is part of our continuing Keep Scotland Beautiful Green Flag award.

Outdoor Learning lessons happen on different days of the week. Please, if possible, provide a snack for your young person on these days:

S1 – Tuesday 26th October
S2 – Thursday 28th October
S3 – Wednesday 27th October

The aim of the One Planet Picnic is to eat a snack that is “good for you and good for the planet” while enjoying the outside. If the weather is not suitable, the picnic will happen inside.

We encourage students to bring a healthy snack that they can eat during their Outdoor learning lesson. If it is not possible, a piece of fruit can be provided by the school.

During the picnic we will also be carrying out a survey about the snacks consumed and the packaging used.

To keep updated, please follow us on Twitter.

Yours faithfully,

Belinda Cook
